To coincide with the release of AVP, special effects gurus Alec Gillis and Tom Woodruff, Jr. opened the doors of their Academy Award-winning creature shop, Amalgamated Dynamics Inc. (A.D.I.), for a behind-the-scenes journey, as they once more breathe life into the characters that have been scaring audiences for over two decades. Different from many "making of" books, it focuses exclusively on the creature effects of AVP. It follows Gillis and Woodruff and their talented crew of over 100 artists and technicians throughout the design, sculpting, fabrication, and finishing processes. The story continues on location in Prague where, as the cameras roll, their creations truly come to life.--From publisher description.
